David Ward

800/622-9865

SPRINGFIELD, IL - The Illinois Field Office of NASS today released the USDA's **CASH RENTS BY COUNTIES**.

Sangamon county has the highest reported average cash rent in the state at \$324 per acre. The other counties with average reported rents over \$300 are Macon (\$316), Logan (\$313), and Christian (\$309). These four counties make up the highest reported non-irrigated rents in the state and in the country.

While there were some counties that saw average rents decrease or remain the same as 2011, statewide, cash rents increased by nearly 16 percent.

NASS would like to thank all of the producers, who took the time to provide the information needed to compile this release. Without the cooperation from Illinois producers, the information NASS provides for the agricultural community would not be possible.

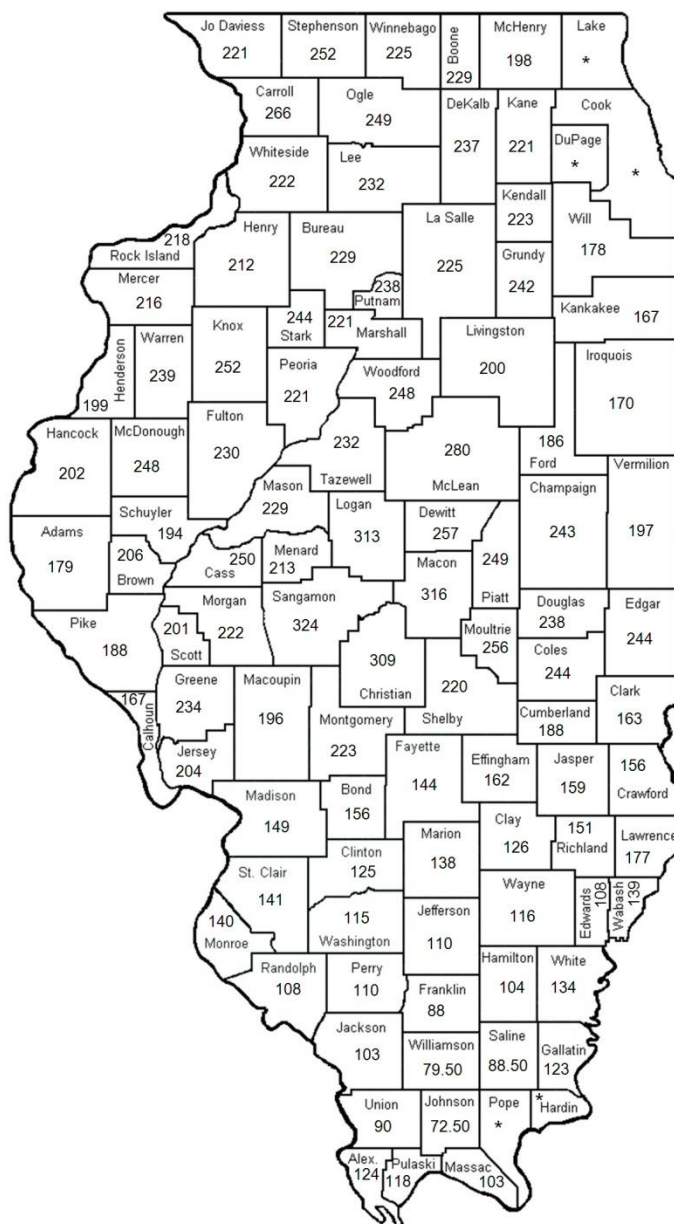

As with all NASS reports, individual reports are confidential and exempt from the Freedom of Information Act (F.O.I.A.)

Additional information, including irrigated and pasture cash rents, can be found on the NASS Quick Stats website.
